**7:15 p.m. - Strengthening Your Home to Decrease Potential Earthquake Damage**

## Talk with our permit, plan review, and inspection experts

- Bring your project plans or ideas and get feedback from permit and plan review experts.
- Electrical, plumbing, and mechanical inspectors are on hand to assist you.
- Find out if you are in a flood zone and get your handy checklist, including FEMA requirements.

## You'll learn about...

- How to save money in the permitting process
- Which projects *do not* require a permit
- What kind of information your project plans should include
- How to be ready for inspections
- Requirements for accessory dwelling units ("granny units")
- How to start a home-based business in San José
- Safety and fire prevention in your home
- Getting your debris deposit back by recycling
